MEGA PRO 24-IN-1 PRECISION SCREWDRIVER #10212

The Megapro Precision 24-in-1 Multi-Bit Screwdriver is a one-of-a-kind solution to your precision needs. Easy access to 24 S2 steel bit tips stored within the handle's patented Retractable Bit Cartridge. The bits are laser engraved for easy identification. The rubberized handle is comfortable to hold and the Palm-saver Cap™ reduces friction in your palm and facilitates one-handed use.

24 PRECISION BIT TIPS

RITE IN THE RAIN 3X5 WATER RESISTANT NOTEPAD #11285

The All-Weather Notebook features a patented paper that is water-resistant and archival-grade. This scrappy pocket notepad will survive rain, sweat, mud, snow, oil, and grease. The white paper is legible in bright sunlight.

FEATURES:

- Impact-resistant Wire-O binding won't lose its shape
- The polydura cover defends your field notes from scratches and stains.
- Printed with a standard and metric ruler on the back cover.

Did You Know Best Carries ...

Pow-R-Wrap

#61643

Pow-R Wrap is a strong, permanent, and economical repair that can mend virtually any kind of pipe and hose. The water-activated fiberglass wrap can repair almost any material: copper, rubber, plastics, PVC pipe, etc. It works on wet, dry, clean, dirty, or corroded pipes and even underwater. **pg. 6-65**

- No tools required
- 30-minute cure time
- EPA approved
- Works up to 60 PSI

Legend Forged Press In-Line Check Valve

#72241 - 1/2"
#72242 - 3/4"
#72243 - 1"

This valve can be installed in both vertical and horizontal positions. The large, integral seat and disc sealing surfaces assure positive closure. It is manufactured for installation onto ASTM B88 types K, L, and M hard-drawn copper tubing. Coiled soft copper tubing is not recommended for use with this product. **pg. 7-46**

- EDPM seat for quiet operation; spring-loaded stem-disc
- 1-pound cracking pressure
- VUS-pattern press-connection tubing sockets
- Cold working pressure (CWP): 200 psi up to 180 degrees F
- Not suitable for steam service

Sta-Tite Seat Hinge Set w/ Nuts

#51069

Prevents toilet seats from loosening while cutting installation time by a third! Rather than the standard three pieces of stainless steel, the STA-TITE® nut is a single unit with an integrated washer. The body is made from a composite that won't gall with stainless steel but yields advantageous frictional forces. **pg. 5-14**

Instructions:

1. Center seat on bowl and fingertighten Sta-Tite Fastening nuts.
2. Using a 5/8 inch wrench, alternately tighten until lower portions shear off.

Chicago Quatern Cartridge Repair Kit

#20279

Everything you need to repair Includes 4 Quatern stem units and 124 cartridge repair parts. **pg. 2-13**

Eklind Ball-Hex L-Key Set

#91125

Made with heat treated alloy steel for optimum strength and ductility with a black finish for rust resistance. Comes in a molded plastic holder.

Sizes Include: .050", 7/64", 3/16", 1/16", 1/8", 7/32", 5/64", 9/64", 1/4", 3/32", 5/32"

Made in the USA

Shadowline Ceiling Tile Cutter

#10491

Create perfect shadowline or reveal edges on ceiling tiles. Integrated handle and adjustable blade makes precise cuts easy. **pg. 10-82**

- Eliminates wasted material due to bad cuts
- Fits comfortably in hand
- Includes 10 blades

DON'T FORGET BATTERIES!
