2-IN-1 REVERSIBLE JAW PLIER WRENCH

#11561

This Plier Wrench functions as an adjustable wrench on flat-sided fasteners as well as a pump plier for pipe and other round objects. Its reversible jaw provides smooth parallel jaws characteristics of traditional plier wrenches, with the added versatility of knurled teeth on the reverse side when extra bite is needed.

FEATURES:

- Handle lever adjustment minimizes hand travel and allows adjustment in confined spaces.
- High lever ratio provides exceptional grip when holding or bending various workpieces.
- 2-Inch max jaw opening and 20 adjustment positions for maximum versatility.
- Forged with custom, US-made tool steel.
